Grade 5

Dear Parents

Greetings!

We are delighted to embark on this educational journey with you where we intend to make every learner an achiever. NatureNurture is a competency-driven, thematic learning programme that aims at the holistic development of the learners.

OJAS GLOBAL SCHOOL
BALAGHAT

The details of the Learning Programme Book Set and other tangible resources in this comprehensive learner's pack are as follows:

Title	Number of books/ Documents	Mode	Description
Learning Management System (naturenurture.online)	Single access	The learners will be given user ids and passwords to access the LMS.	The NatureNurture LMS is a simplified online platform to access resources and e-assessments. This is a part of the NatureNurture Learning Programme and is loaded with diverse curriculum support resources and functionalities that facilitate learning and meet the learners' unique learning requirements.
Theme Mapping/ Learning Outcomes Document	1	Uploaded on LMS	A comprehensive document with detailed descriptions of expected learning outcomes in each theme, the Theme Mapping provides a framework around which the Learning Programme is developed. The Learning Outcomes are well-aligned with the NEP, NCF, and the most progressive curricula across the globe. Being aware, global denizens, we upload the exhaustive Theme Mapping on the Learning Management System (LMS) to do our bit to save paper and control global warming.
Language Logic Books	3	Hard Copy	A set of 3 books that include short stories, grammar, comprehension, and writing skills, along with engaging and meaningful exercises that develop the learners' language, communication, vocabulary and thinking skills. This convenient, comprehensive, all-in-one book reduces the weight of the learners' bag and enhances the efficacy of the learning process. Integrated exercises, self-assessment checklists, and rubrics promote peer and self-assessment, encouraging independent learning.
Bhasha Vivek Books	3	Hard Copy	A set of 3 books that include short stories, grammar, comprehension, and writing skills, along with engaging and meaningful exercises that develop the learners' language, communication, vocabulary and thinking skills. This convenient, comprehensive, all-in-one book reduces the weight of the learners' bag and enhances the efficacy of the learning process. Integrated exercises, self-assessment checklists, and rubrics promote peer and self-assessment, encouraging independent learning.
Marvellous Maths Books	3	Hard Copy	A set of 3 books to help facilitate the acquisition of numbers and their operations, along with making real-life connections. They encourage observation, exploration, and experimentation and seamlessly incorporate life skills to develop values like sharing, and compassion, as well as awareness of the environment, providing diverse perspectives to the topics in multi-disciplinary and life-centric contexts.
Theme Books	3	Hard Copy	A set of 3 books that offer a graded progression of themes and concepts wherein the development of scientific inquiry, exploration, research skills, experimental skills, and application skills are ensured. They follow an activity-oriented, project-based, and thematic approach that further links science to day to day life and makes the subject relevant and meaningful for the learners. The inclusion of assessment checklists, hands-on activities, and graphic organisers, are unique features of these books.

Math Hour Books	2	Hard Copy	A set of 2 books to help facilitate the acquisition of numbers and their operations, along with making real-life connections. The books encourage learners to explore, experiment and observe as they hone their mathematical abilities and develop their skills.
Theme Books	3	Hard Copy	A set of 3 books that offer a graded progression of themes and concepts wherein the development of scientific inquiry, exploration, experimental skills, and application skills are ensured. They follow an activity-oriented, project-based, and thematic approach to provide the learners with detailed insight into the topic and to be able to make meaningful connections.
ICT Book	1	Hard Copy	A computer book/learning resource to develop ICT skills in young learners and make them future-ready. It presents the fundamentals of computers in a format that is easy to understand as it engages the young learners in exercises that provide real-life connections to every concept being taken up.
Quiz Whiz Booklet	1	Uploaded on LMS	A book based on general knowledge questions related to multiple domains. We have created baseline content for organizing various quiz events and competitions for our young learners to improve their general knowledge. This is a fun and exciting way to learn and fosters a spirit of healthy competition.
Mind Maps	4	Uploaded on LMS	A set of 4 visually structured Mind Maps that help the learners to have a complete overview of the theme. These effective visible thinking routines help learners summarise and recapitulate the theme effectively by engaging them actively in the process of brainstorming, generating ideas, and connecting concepts together. These are uploaded on the Learning Management System for quick access and reference.
Assessment	4	Uploaded on LMS	The Hands-On Learning and Online/Offline assessments will be provided at the end of each unit by the school as part of the NatureNurture Learning programme.
Progress and Performance Profile	1	Uploaded on Google Drive	This is a detailed individualized profile of every learner's progress and performance in each unit and is shared with the parents at the end of each unit. The school shares this document based on their assessment patterns and schedules.

The NN Team conducts a series of parenting and training sessions to ensure that the learning programme is implemented most effectively. Well-structured, pedagogic lesson plans are provided to educators to use the above books and resources judiciously and help every child become an '**achiever**'. We fervently believe that parents are the most important people in a child's education, without whom our goal isn't easy to achieve. Therefore, we request you to study each document thoroughly to help us run this programme smoothly and make our young learners realise their innate potential.

Warm regards
Team NatureNurture

These are uploaded to the Learning Management System for quick access and reference.
Coding Learning Resources	1	Uploaded on LMS	An interactive, easy-to-comprehend book that empowers young learners with a much-needed 21st-century skill. Through this book, learners understand the elements of coding and build mastery in problem-solving, logical thinking, and critical thinking as they experiment and play games.
Assessment	4	Uploaded on LMS	The Hands-On Learning and Online/Offline assessments will be provided at the end of each unit by the school as part of the NatureNurture Learning programme.
Progress and Performance Profile		Uploaded on Google Drive	This is a very detailed individualized profile of every learner's progress and performance in each unit and is shared with the parents at the end of each unit. This document is shared by the school based on their assessment patterns and schedules.

The NN Team conducts a series of parenting and training sessions to ensure that the learning programme is implemented in the most effective manner. Well-structured, pedagogic lesson plans are provided to educators to use the above books and resources judiciously and help every child become an **'achiever'**. We fervently believe that parents are the most important people in a child's education, without whom our goal isn't easy to achieve. Therefore, we request you to study each document thoroughly to help us run this programme smoothly and make our young learners realise their innate potential.

We look forward to a great educational partnership.

Warm regards
Team NatureNurture

Dear Parents

Greetings!

We are delighted to embark on this educational journey with you where we intend to make every learner an achiever. NatureNurture is a thematic learning programme that aims at the holistic development of the learners.

The details of the Learning Programme Book Set and other resources in this comprehensive learner's pack are as follows:

Title	Number of books/ Documents	Mode	Description
Learning Management System (naturenurture.online)	Single access	The learners will be given user ids and passwords to access the LMS.	The NatureNurture LMS is a simplified online platform to access resources and e-assessments. This is a part of the NatureNurture Learning Programme and is loaded with diverse curriculum support resources and functionalities that facilitate learning and meet the learners' unique learning requirements.
Theme Mapping/ Learning Outcomes Document	1	Uploaded on the LMS	A comprehensive document with detailed descriptions of expected learning outcomes in each theme, the Theme Mapping provides a framework around which the Learning Programme is developed. The Learning Outcomes are well-aligned with the NEP, NCF, and the most progressive curricula across the globe. Being aware, global denizens, we upload the exhaustive Theme Mapping on the Learning Management System (LMS) to do our bit to save paper and control global warming.
Think Talk Read Write Handbook	1	Hard Copy	A book to help the learners acquire language skills.
Think Talk Read Write Workbook 1 & 2	2	Hard Copy	A set of 2 workbooks to supplement the language concepts and skills.
Math Work Handbook	1	Hard Copy	A book to help facilitate the acquisition of numbers by the learners.
Math Work Workbook 1 & 2	2	Hard Copy	A set of 2 workbooks to supplement the mathematical concepts and skills.
Hindi Ke Rang Hamare Sang Handbook	1	Hard Copy	A book to help the learners acquire Hindi language skills.
Hindi Ke Rang Hamare Sang Workbook 1 & 2	2	Hard Copy	A set of 2 workbooks to supplement the language concepts and skills.
